

The Process that the Victor Cho was reborn as a Victorious God(Buddha)

(This man refers to the Victor of the Victory Altar.)

Evangelize the candidates of the Victor Christ

The Victress Eve raised many candidates of Victor Christ, while they were trained, they ran away. Saying, "Don't look back the past, don't think about your family, and don't poke your nose into other people's business" she blamed that if they meddled in others, they committed lewd sins to meddle, if they payed attention to others, they committed a lewd sin of interest, and she hit them a lot.

Who will be trained being beaten by someone? They all ran away.

That's why the Victress Eve prayed with the people of the Secret Chamber that the candidate for the Victor Christ would come into the Secret Chamber. Then Miss Ji dreamed that This Man would be the candidate for the Victor Christ. And the Victress ordered Miss Ji to take This man. Miss Ji lived at Sinlim dong, she prayed in the house of the Victress Eve in Mangwong dong.

Victor Christ who did miracles

Miss Ji came and told This man, "There is a woman who is graceful, and when you meet her, you'll see her." There's a tie between This Man and Miss. Ji. When Miss Ji's sister was sick and was dying, no matter how great an evangelist led a worship service to heal her, she was still sick.

So Miss Ji came to This man and asked him to heal her sister eagerly. So This man went to her house in Shirin - dong, and worshiped every day. Then her sister's sickness was getting better and better. So she came to know This man as a graceful man. At that time, This man healed any kinds of diseases.

He also cured the crazy, made the crippled walk, and performed many miracles. However as This man told them not to talk about his performing miracles saying if they talk about their diseases' being cured by This man, they had a relapse and they die. So people did not know This man healed the diseases. At the time of President Park Chung Hee, there was a man, Im deacon, who lives in Cheongwoon-dong next to Cheong Wa Dae. In the house of the deacon, This man had a worship service and healed many patients in the house. As This man led a worship service, it was very graceful, a lot of people congregated.

The Victress Eve, a heavenly person

This man was propagated by Miss Ji and went to the house of the Victress Eve in Mangwon Dong. When This man came into the house through the gate, he experienced the life water like pouring water with a bucket. This man thought that she was a very graceful woman. so he knelt as soon as he went into the room. This man is not the kind of person who kneels

in front of a person who is not good enough. But This man sat down on his knees and began to listen to the Victress Eve. She said "You will start to dream at night from today." This man said, "I do not dream at night." Then the Victress Eve told "Is that so. But you will dream from tonight. Write it down on your notebook and bring it in tomorrow morning." So This man wrote in his notebook what he dreamed and read all the dream stories, the Victress Eve said all thoughts of yesterday. In that dream, all his thoughts appeared.

The Trial to give up one's mind

"Why do you keep thinking about the house though I asked you not to think of the past." She told This man not to think about the house and the past. Although he was blamed like that and tried not to think about them, those thoughts came to his mind by themselves. This man struggled not to think of his family ardently. When This man went to the Secret Chamber, the daughter who is studying NYU graduate school was 2 years old. This man's heart was not very good when he entered the Secret Chamber after leaving the baby. So This Man shed a lot of tears. This man told the little child that was incapable of speech, "I will come back someday. Wait for me." And the baby always came to his mind in the Secret Chamber." So. This man committed a sin to look back, blamed, and later she hit This man's cheek with her fist, when This

man was hit by a fist, he swore that he would not do it again. But if This man turned around again, he thought of it again. He repeated that again.

This man tried not to think about the past and his baby, but at most he kept 15 days. He did not thought of his baby for 15 days. Then he thought of his baby by himself. So he was hit with her fist again. He repeated this several times. Then, when This man reached a stage where he could not think of the past, the Victress Eve ordered This man not to commit a lewd sin to interfere, but no matter how hard he tried not to meddle, how could This man be still when he saw others doing something wrong? Originally, This man had such a habit of tampering when he saw people who was wrong. So This man did not commit a lewd sin to interfere, then, he committed a lewd sin of interest. As This man was often interested in others, it was a lewd sin of interest. If people live the world, do they become interested in the other person? The Victress Eve said, "Donot commit a lewd sin of interest.

A stage not aware of me

This man went to up a stage where he was not aware of himself. The Victor Eve told This man not to be aware of himself. As being aware of oneself is a lewd sin of one's pride, she ordered This man not to aware of himself. So, no matter how hard This man tried to not aware of himself, he was aware of himself. As he struggled

not to aware of himself, it was done. This man I climbed the mountain and cultivated it by breaking rocks with a sledgehammer and getting rid of them, and made a field. So how hard would it be to do that. Because of the sweat on the skin, the work clothes got wet and the sweat dripped from the elbow, sweat dripped from the legs. How hard would it be? This man beat big rocks to break them with a sledgehammer, the rocks had iron. So no matter how hard he hit the rocks, they neither cracked nor were broken. When he hit a rock 100 times with a sledgehammer, it cracked. This man broke large rocks with a sledgehammer and made all rocks powder. This man is a pretty sticky man?

While This man broke and broke those rocks, as it is so difficult, he fainted for a few hours. He fell down on the ground and awoke in an hour or two. When Waking up, This man realized that the work was so tough he lost consciousness. So, as soon as This man got up, he began to break up the rock with a sledgehammer. As This man lived a life on the contrary of what he wanted to live, as soon as he woke up, he began to break.

Finally, This man became a Victor

Because This man worked hard on reclaiming the field, finally dark blood began to pour in the urine. Next, bringing his note book with his dream to the Victress Eve and reading it, she said "You are almost

overcoming!" So This man knew that he was almost accomplished.

But when This man went to eat, the son of the Victress Eve hit with his fist. It was weak. As This man was hit, he thanked God. He appreciated God for making him overcome this unbeatable trial. Therefore, This man became a Victor.

And on the next day, the Victress Eve gathered about 30 people in the middle of the yard in the Secret Chamber and proclaimed "Mr. Cho became a Victor!" So, as soon as he heard this, This man answered inward 'I did not defeat. God overcame me!' Then the Victress Eve said "You become a Victor again!" So, This man became a Victor again, after a while, he heard "You became almighty!" 'Now you become perfect!' A perfectionist is a person not being condemned. It means though he falls in a dung pit, or falls in a dung pit spiritually, he will not be condemned. And This man became almighty, he was in charge of the sins of the family in the Secret Chamber. Spending a year taking charge of sin, to some extent, the people of the Secret Chamber became righteous men one by one, This man was told to go out for propagation. So, he started to evangelize in Yeokgok in August 18th, 1981. So we're here today.*

[해설] 수다원(須陀洹)이라고 한다면 소승(小乘)인 성문(聲聞)의 사과(四果) 중 제일 아래 단계의 도과(道果)로써 수다원(須陀洹), 다음의 윗 단계인 사다환(斯陀含), 그리고 더 윗 단계인 아나환(阿那含), 소승의 최고 경지인 아라한(阿羅漢)을 말하는데 경전(經典)을 보면 수다원과(須陀洹)는 다음과 같은 덕음(修行)이 있음을 볼 수 있습니 다. 또한 동대 역경원간 불교 사전에는 다음과 같이 기록되어 있다. 수다원(須陀洹) 梵語 Srotapana 성문 4과(果)의 1. 예류과(預流果)의 범명(梵名). 무루도(無漏道)에 처음 침례하여 들어간 지위. 예류과(預流果) 梵語 Srotapana
