

(This man refers to the Victor Christ of the Victory Altar.)

Unless God fully claims me, I can never be born again by the Holy Spirit, unless God fully guides me, I can't live forever, I can only become God when God fully asserts me, so do I have to move so that God can fully claim me? If you think differently and you move as the devil controls, can God control that mind? No, he cannot. So, you must completely remove me, and God must completely sit down on you. Only then will you begin to be completed. If I insist on my heart and now think according to my stubbornness, the devil's blood moves, then will the blood of God be realized because the devil's blood moves as it is now? No, it will not be. Therefore, the blood of God must be made, and the blood of God must move, so that you become God. If the blood of God does not work in you, you can not be done as God.

### If you do not beat me, it's useless to come to the altar

So This man has struggled to remove himself every time during all his life. While doing so, it's been about 50 years now that he has succeeded in getting rid of me completely, right? Therefore, the consciousness of I is not a spirit that has been in existence for several decades, because it becomes a 6,000-year-old spirit, it is a spirit like a stone serpent. So only the man who has ever removed the spirit like a stone serpent knows the secret to crushing the spirit like a stone serpent and completely removing it. The first mission when you come to the Victory Altar is eliminating I. Getting rid of me(oneself, ego) completely is the most important issue now because though they try to get rid of me completely, it does not work, many of them are frustrated. So if the awareness of your 'I' is not eliminated completely, it is vain to come to the Victory Altar. So, in order to completely eliminate me, in the midst of trying fighting, and struggling, if the awareness of 'I' is completely removed, then God will become the awareness of 'I', so after being born again as the Holy Spirit, it is easy. Some

people boast about their personality saying "I have a quick temper, I have a bad personality", they are foolish. When you come to the Victory Altar, does This man says, "Throw 'I' away all the time?" Although the Victor Christ says, "Throw 'I' away all the time" if there is a man saying, "I have a quick temper, or my personality is bad", they are fools. Today, removing my heart('I') is the most important thing, if there is a man speaking with pride about their personality, they are not struggling to get rid of themselves.

### Entrustment Comes After the Opposite Life

In order to abandon 'I', This man used various methods. At first, This man lived a life in contrast with what he wanted to live. Then while regarding my brothers' sin as mine, took my brothers' circumstances as my own, considered my brothers' faults as my own, and even if This man tried hard to have a mind that regards my brother's body as mine, it wouldn't be done. However, while struggling completely to leave his body, his heart, and life to God, it was done to regard the sin, fault, and circumstances of my brothers as mine. Could the entrustment be made without going through the reverse course of life? No. It is very difficult to lead the opposite life, but only through the process of the opposite life can you entrust your body, mind, and life to God. If you leave your body completely to God, whose body is this?

Whose heart is this heart? It is the heart of God. Whose life is the life? It's God's life, right? So if you think from the angle that this body, mind, and life are God's, can you have your own mind? No, I cannot have my heart. After entrusting your heart to God, since it is the heart of God, we should only have the heart that God gives, if we have our hearts, it means you give it to God and then take it away? Then you are the devils. If I completely surrender my heart, body, and life to God, and entrust

them to God, my heart is the heart of God. Therefore, since I can't move my heart as I want because it is the heart of God, I move with the heart that God gives me, the heart that God claims, and the heart that God leads me, before This man went to the Secret Chamber, he was the CEO and president of GongyouMulsan Trading Company, the office was on the 7th floor of Younghwa Building located next to Namdaemun, At the time, he got a notice that his youngest sister was getting married. However, This man could not participate at the wedding. Because This man's body was that of God, his heart was that of God, his life was that of God, because she was the youngest sister of Cho Hee Sung, did she have anything to do with God? So, he didn't even think of, "the wedding must be over by now." Since that's when This man started to follow the Law of Liberty, he was living in the midst of such a struggle that he couldn't go to the wedding of the youngest sister, couldn't think about the house anymore, couldn't think about mom and dad anymore, couldn't completely think of the family, and he couldn't think of the past. Furthermore, could he go to his sister's wedding day at that time? No, he could not. So, did the family understand him? His family and relatives did not understand. But could This man say this to his family and relatives? No, he could not. As they couldn't understand This Man, even if he said something, they didn't understand his words? So This man just silently kept the Law of Liberty.

### The Law of Liberty states that one should only live for God.

The Law of Liberty is the Law of Liberty when I move in the state of God's possession because I completely entrusted my body, mind, and life to God. If one gets out of God's possession, are they keeping the Law of Liberty? No, they aren't. The Law of Liberty is living for God only, working only for God, speaking only for God, opening your eyes for God

only, eating food for God only. Is it the Law of Liberty to eat for me, see for me, and speak for me? That's not obeying the Law of Liberty. Therefore, the Law of Liberty is a law that does not sin, those who live only for God, work only for God, walk for God only, open their eyes for God only, and live only for God do not commit sins. Did Jesus know about this? His level is far below, isn't he? It is a sin to forget God. It is a mortal sin. Not working for God is a mortal sin, and not living for God is a mortal sin. That's why people in this world die because of an act of dying? Do people in this world know this? No, they don't know. So if you do something that will last forever, will you achieve eternal or die? You will get eternal life. Is the way of acquiring eternal life for you to have the pride of God? That is the secret of living forever. So if you have the pride of God and the certainty of eternal life, it means that not only you have God's heart but also did something that will last forever. That is a way to get immortality as well as the secret of becoming God. If you have the assurance of eternal life that becomes the heart of God, you will become God. Therefore, in order to become a God, you have to act as God. If there are people who do not act as God and want to go to heaven and live forever, they are fools. Do all of you who come to the altar making people Gods have to play the role of God, without any exceptions? You have to act like God. So, in order to act as God, do you have to have the character of God? In order to acquire the personality of God, do we have to give up the awareness of 'I' becoming the spirit of the devil that becomes the personality of the devil? The way you take off your human clothes is to forsake me. If there are people who say, "Oh, how do people go that way because it's so difficult?", but who's child are these people? They are the children of God, but now they are Gods who were taken captive by the devil 6,000 years ago. So, only if the devil is completely removed, what

will man become? Are you going to be God? If the demon is removed, God becomes an awareness of 'I', if God is an awareness of 'I', will the certainty of eternal life be established by itself even if I don't try to conceive it? It is conceived by itself. All you have to do is abandon me.

### Reminding Counterpart's strengths removes Hatred out of Your Heart

To throw me away means to throw away my heart. Throw away my heart and throw away my temper. In order to throw away my heart, is it okay to be angry when you are angry? When you are angry, you must not get angry and get rid of the anger factor. You're getting angry because you don't like it, right? So instead of thinking about the other person's disapproval, if you want to get rid of the anger, think of his good point, "Hey, he's good at that kind of thing." Like that, you have to find out the strengths of the person you don't like and think about them and have to erase those unpleasant thoughts, right? So if you quickly find the merits of the person you're dissatisfied with, will your dissatisfaction be erased? It is removed. So, you can tell from the way he says this now that This man struggled a lot, right? If you don't fight, can you know that? No, you cannot. Without fighting with myself, I move as my heart moves now?

Now when you stop the movement of your own heart and then quickly find the strengths of the other person, quickly find the good points, and change the hateful heart into a loving heart, the hatred perishes. At that time, the awareness of 'I' weakens and dies. Do you know? That is the way of Tao. If you don't know this, you don't have to pray for anything. When you completely return your heart to the heart that keeps the Law of Liberty every second of every moment, you become a victor. At that time, when 'I' die, the Spirit of God becomes I, I am born again by the Holy Spirit, I become God, and I live forever and ever. So, people who struggle with that

kind of heart are busy right now? Are people who go to the countryside and go out to play on holidays busy? No. They are free. People who can afford it, on Lunar New Year's Day, go to the countryside, and they go everywhere on Lunar New Year's Day. Busy people don't have time to go anywhere and do not have time to sit for a rest. So, you have to fight yourself and live a winning life to become a victor. You have to fight the struggle of the heart to gain eternal life, right? Therefore, are you a victor by defeating the demon through fighting the devil every time in a struggle of the mind and by becoming a competent player in the struggle with the devil? Could you be a victor without being a player who overcomes the devil? You should become a player to defeat the devil. At least when you are not thinking about anything, the moment you are beaten, the moment someone just persecutes, slaps your face, and beats you, does the anger happen accidentally? When you swipe the angry heart quickly into a prayer of thanks, "Thank you for giving me the punishment that I deserved, and thank you for giving me the test and letting me win to make me a victor in succession." will the devil die or will it live?

### Overcome Yourself During Social Situations in Life

Some people in this world think that they will defeat the devil by going to church and praying, while others think that if they go to a temple and knock on a wooden table and pray, they will become victors there. But it never happens there. Do you know? In the midst of social life like this, in the midst of colliding with sinners, you have to win there and become a victor. If it doesn't happen there, can you be a victor? No, you can't be. Therefore, you have to fight every second so that you can become victors by fighting with yourself from the new year. Can you become a victor if you don't fight and live a wasted life? No, you can't.\* Extracted from the sermon of the Victor Christ on February 3rd, 1992.

## 전세계에 알리는 진짜 경전 이야기

한국인들이여 깨어나자!

이길은 강자가 가는길

8편 사람은 하나님이였다

하나님의 실존은 삼위일체요, 세 씨의 하나님이었다. 한 몸이요, 한 마음이요, 똑 같은 존재로 존재할 뿐만 아니라, 그 몸은 온 우주에 꼭 차게 서서 움직이는 몸이요, 일정한 크기가 있는 몸이 아니요, 그 몸은 시멘트벽이나 쇠철벽도 뚫고 지나갈 수가 있는 투과력이 강한 몸이다.

이 세상에는 하나님이 한번도 존재해 보지 못했다. 그래서 종교도 없었고, 학문도 없었다. 이 세상은 마귀의 세상이다. 마귀가 주권을 쥐고 휘두르는 세상임으로 참 진리의 학문이 존재해 보지 못했다. 이 세상 사람들은 하나님이 하늘 꼭대기에 계신 줄 알고, 하늘을 향하여 하나님

을 찾고, 울부짖었던 것이다.

오늘날 이긴자가 논하는 신천신지의 하늘나라의 학문이 참 학문인데, 거기에는 죽음이 없으며, 부자유함도 없으며, 눈물과 탄식과 분열과 시기, 원망과 질투, 전쟁이 없는 것이다. 원래 사람이 하나님이였다는 사실도 이 세상 학문으로는 모르는 것이다. 그런고로 하늘 세계의 모든 것을 훤히 아는 자가 너무도 답답한 것이다. 우리 사람은 원래 지금 같은 몸으로 있었던 것이 아니다. 사람이라고 하는 것은 생각과 같이 바늘 끝머리 위에도 서서 걸어 다닐 수 있으며, 한꺼번에 온 우주에 꼭 차서 서 있을 수 있는 위대한 존재였다. 사람은 자신의 능력이 있었으므로, 하나님이 백 사람, 억만 사람으로도 쫓겨질수 있는 존재였다.

그러므로 사람이 원래 하나님이었다는 것을 세상 사람들이 모르므로 이 세상에 는 학문이 없었다고 하는 것이다. 여러분들이 바로 하나님의 실존체요, 또 여러분의 본향이 하늘나라요, 천정집이 하늘나라다.

그런데 이 세상에서 좋은 일을 많이 하면 가보지도 못한 그 하늘나라에 갈 것이라는 말을 했고, 잘못하고 나쁜 짓을 많이 하면 지옥에 간다고 막연히 추상적인 말을 했지, 본래 인류의 본향이 하늘나라라고 말을 한 사람은 한 사람도 없었다.\*

## Real Scripture Stories to Tell the World

Let the whole world wake up!

### THIS PATH THAT ONLY STRONG PEOPLE CAN TREAD

Part 8. Man was God

The existence of God is the Trinity, the God of three seeds. It is one body, one mind, and not only exists as the same being, but its body is a body that stands and moves in the entire universe, it is not a body of a certain size, and its body has penetrating power that can penetrate through cement walls and iron and steel walls. This is a strong body.

God has never existed in this world. So there is no religion and no education. This world is the devil's world. Because

the world is ruled by the devil and wielded by the devil, there has never been any real knowledge of the truth. The people of this world knew that God was at the top of the sky, so they looked for God and cried out to heaven.

The science of the kingdom of heaven discussed by Victor Christ today is the true science, where there is no death, no infirmity, no tears, lamentations, divisions, envy, resentment, jealousy, and war. The fact that man was originally God is not known from the science of this world. Therefore, it is very frustrating for those who know everything in the heavenly world. We humans were not originally in the same body we are today. A human being was a great being, capable of standing and

walking on the tip of a needle, and being able to stand full in the universe at once. Since human beings had the ability to clone themselves, one being could be divided into a hundred people or a billion people.

Therefore, since the people of the world do not know that man was originally God, it is said that there was no learning in this world. You are the very existence of God, your hometown is the kingdom of heaven, and your home is the kingdom of heaven.

Someone said that if you do a lot of good in this world, you will go to a heaven you have never been to, and vaguely said that if you do a lot of wrong and bad things, you will go to hell.

But no one has ever said that the original homeland of mankind was Heaven.\*
