

Holy Dew Spirit is the Spirit of God defeating Satan

(This man refers to the Victor Christ of the Victory Altar.)

If one lives for me, they will surely die

If rotten blood accumulates and becomes more and more, it can cause germs in the rotten blood. People think germs come from the outside, and so do doctors, but germs that come into the human body from outside die immediately. Because people's bodies are hot, germs can't live. So the germs in the rotten blood are growing.

Then the disease gets bigger and bigger, eventually people die, not because germs do not infiltrate from the outside. Every organ in the human body has cells, and their lifespan is constant. The longest cells live about 29 days. They live for 29 days and die, they become dead skin. People die of greed, if they do not have greed, they cannot die. So, in order to get eternal life, the awareness of 'I', which makes us greedy, should be eliminated. The awareness of 'I' attempts desire.

The mind that comes from the awareness of 'I' is greed. If your mind move based on "I," your blood will continually rot. But people in the world don't know what greed is. They think that greed is something to have. It is also greed that tries to achieve something impossible to be done. So it is all greed that I want to do this and I want to do that. In this way, the mind that depends on the subject awareness of 'I' is all greed.

That's why people's blood decays continually. As rotten blood grows more

and more, less cells regenerate. So they get wrinkles and lose energy, and they lose resistance. In that case if they get sick, they die. The cause of death is when blood decays, the decayed blood loses its resistance, then people die. If one has resistance, they won't die. 'AIDS' is a disease in which the resistance declines.

If you get AIDS, your resistance will reduce and you will eventually die. When a person is no longer resistant, they cannot but die.

The power to increase resistance comes from life material. Life material happens most when you laugh. They say you can breathe a lot of oxygen under the pine tree, but if you laugh every day without going under the pine tree, life material will occur in your body. The reason why you get better if you keep laughing is because your resistance is strengthened. The word that if one keeps laughing, their cancers can be healed is because if their resistance is strengthened, cancer cells reduced. So you have to laugh every day. When you laugh, you create life material in your blood.

The path to eternal life is the path of the heart, so if you have a heart to live forever, you will live forever.

This man said from the beginning that this way was the path of the mind. If you have a right heart, you achieve eternal life. You can not die if you just have a right mind. So laugh every day. Please laugh all the time enough to hear

you are crazy. No matter how ugly a person is, his smiling face is so pretty.

Even a hideous-looking man doesn't look ugly when he's smiling. As flowers bloom in laughter, when a person laughs, life forms, he gradually becomes young. One gradually grows older, and their waist becomes curved. After bending, but that does not help. If you try to stretch it forcibly, your bones will break. When a person smiles every day, his chest unbends. You have to laugh every day to live forever.

Even during the service, you will receive the grace of God a lot if you smile and worship. Grace goes to laughing people. Grace does not come to worry people. Ladies and gentlemen, if you laugh for only about two hours, then you smell the fragrance. Because the Holy Dew Spirit accompanies you. The fragrance is the smell of the Holy Dew Spirit.

The body of the Savior was formed with the Holy Dew Spirit, his smell is the fragrance of the Holy Dew Spirit.

When you come into This man's office, you always smell the scent, don't you? This is because the body of This man was made of the Holy Dew Spirit. So even when you enter the office, the smell of the fragrance vibrates.

'In ten days, the flowers are supposed to wither. But the flowers in his office don't wither even a year passes. It's weird. You can see that the Savior is the body of eternal life. As the body of

the eternity sits there, and the matter of eternal life continues to pour out, so that the flower can't fade.

The flowers wither because they have exhausted their vitality. But since the Savior's body pours out the Holy Dew Spirit, the matter of life is delivered to the flowers. With only this one, we can see that the Savior is the man who can give people immortality sufficiently. Ladies and gentlemen, if you worship with This man for an hour, you can not die. That's why This man tells you to attend the service every day

Those who attend the worship service every day will not die. But those who do not worship the service every day will die. This man says that people die because of greed, and stubborn people die quickly. People are stubborn because they are greedy.

That's why you can't see a stubborn person live long. Some people die while they sleep. The cause of death of the person is that the blood is rotten due to greed, so the rotten blood is all hardened. So they die of a heart attack. If anyone doesn't realize though the Savior scientifically explain the death of a man in the Victory Altar, he's a cursed man. As he is cursed, he has no power to distinguish.

Evidence that the Holy Dew Spirit on the picture is God.

People must laugh all the time, but there are people who worry about they do not laugh, when the mind reaches a laughing stage, the face brightens.

Do you know why your face is bright? When you laugh, the endorphin comes out and the material of life happens. the material of life is light. So laughing people become bright.

In the Soviet Union, a person called Killian took a photo of a person using high frequency and then the light came out from the human body. So the light was named 'Aura'. The aura is the light of life. Also he took a picture of a leaf, there was a light. A tree with life, just like a human, has light when you take a picture.

Originally God was light. As God is light, the reason that light comes out of This man's mouth, nose and eyes is because he has God. If This man does not have God in his body, light does not come out from him. But the fact that the Holy Dew Spirit is taken not by a high-frequency camera but an ordinary camera is the proof that This man is God. This man teaches you how to be God in detail. He teaches us in detail that the sacrificial heart and sacrificial life for God is the way of becoming God.

Anyone who has not lived a sacrifice life for God can never be God. This man standing right here always lived a sacrificial life until he became Savior. When he was young, he gathered people who didn't go to school and taught them to study for free. And This man set up schools everywhere he went, but no one paid for them. When a U.S. soldier saw him bleeding at the nose while teaching and reported to the commander of the Eighth Army, and

the school was established by them.

When the school was built, the local people said it deserved to belong to him, he said, "I can't run this school because I don't have any money", claimed that this school must be dedicated to the country in order to survive forever, and made it a public school. As such, This man has become a righteous man and a Savior because he has lived in the world without greed, if he was greedy, This man could never become a savior. Ladies and gentlemen, if you are greedy, you will never have eternal life. So give up those who are greedy.

Although you come to the Victory Altar a hundred times, if you are greedy, you are bound to die. A greedy person is bound to die. You can achieve eternal life without greed. You never get eternal life if you have greed

The Holy Dew Spirit is the Spirit of the Savior and the Spirit of God who overcomes Satan; it goes to the people who have no desire. Gyeokamyourok says at the moment the Savior sees a man, Satan in him dies, we can see the Savior power is so amazing. The Savior is like a cleaner.

He's the one who takes charge of all the sins of all people. Therefore, This man tells you to worship every day. If you go out into the world and contact with the people who don't believe in the Savior, you are contaminated with Satan, and if Satan isn't removed, you will be dead. If you worship every day, contaminated your body can be cleansed, so you should never neglect to worship every day.*Translation: Angela
